- ✓ Maximum W 5000mm x H 6000mm
- ✓ Adjustable open speed 1-2m/s- 2m/s
- ✓ Adjustable closing speed 0.5m/s -1.5m/s
- ✓ Photo Safety Beams

Life Time Warranty
On Workmanship

24 Months on Equipment
Supplied and installed

APPLICATION

- ✓ Internal Door
- ✓ External Door

DIMENSION

- ✓ Width: (5000)mm Max
- ✓ Height: (6000)mm Max

FRAMEWORK

- ✓ 304 Stainless Steel guide rails

SAFETY FEATURES

- ✓ Bottom Edge Air bag bump strip
- ✓ Reflective Photo Beam
- ✓ Multibeam high performance Light Curtain (optional)
- ✓ Microwave Motion detector (optional)
- ✓ LED Red /Green Traffic Lights (optional)

SEAL PERFORMANCE

- ✓ With stand pressure ranging from 0 to 50 PA internal or external.
- ✓ Bottom Soft edge to seal against the floor.

ELECTRICAL /MOTOR

- ✓ 220 - 240 V Ac / 50Hz
- ✓ 0.75-1.5 Kw Servo Motor
- ✓ IP54 Protection
- ✓ Uninterruptible Power Supply (optional)

DOOR PANEL

- ✓ High Density of Industrial base fabric with tensile strength of 5700/5100N/5cm tearing strength of 800/80N
- ✓ 2 mm Thick Fabric with clear window
- ✓ Self-repairing zipper mechanism (optional)

DOOR CONTROLS

- ✓ Internal push button controls IP54
- ✓ External push button controls IP54
- ✓ Microwave motion detector with built in crosswalk detection (optional)
- ✓ Radar Sensor (optional)
- ✓ Inground Induction loop (optional)
- ✓ Radio Push button remote (optional)
- ✓ Proxy Card Access Control (optional)
